

LEARN TO PLAY POLO EXPERIENCE

With England Polo Player

THE SPORT OF KING'S WITHOUT THE ROYAL BUDGET... COACHED BY AN ENGLAND POLO PLAYER!

Polo is one of the fastest ball games that exists and boasts to be a glamorous sport of sheer adrenaline, excitement, skill and precision. With our Learn to Play polo experience we give you the opportunity to gather the reins and experience the 'Sport of Kings' without the Royal Budget! With no riding experience required whatsoever, we will take you on a bumper, top tier coaching course that will not only give you a new passion for this incredible sport but also give you a deeper connection with the magnificent partnership you create with horses. You are in for a treat too, as your professional HPA coaches have also played for England across the globe, therefore you are taken through the fundamentals of playing polo by the very best polo coaches.

The learn to play polo experience is ideal for team building, company events and those looking for the ultimate high end experience. We also have different event packages available with different levels of participation and can also provide other activities on site. Learn the basic shots from ground level first before mounting your schoolmaster polo pony where the real fun begins. If you haven't even ridden a donkey on the beach it really doesn't matter. The ponies are the stars of the show here and know how to look after their riders. But of course, Polo is a competitive sport and the more confidence that grows, the more competitive you become. The thrill, challenge and sense of achievement as you learn to ride and hit the ball guarantees a truly memorable experience for everyone. You may also find a new addiction as you finish your polo experience by playing in your own chukka! Polo is also a wonderful spectator sport so if you want to add an evening watching the polo club members play chukkas whilst enjoying perhaps a gin cocktail and traditional Argentine Asado feast, we can arrange the ultimate polo package for you.

DISCLAIMER: WE WILL NOT TAKE RESPONSIBILITY FOR ANYONE WHO QUILTS THEIR JOB,
MOVES TO THE COUNTRYSIDE, BUYS LOADS OF POLO PONIES, AND TAKES UP POLO FULL TIME!!

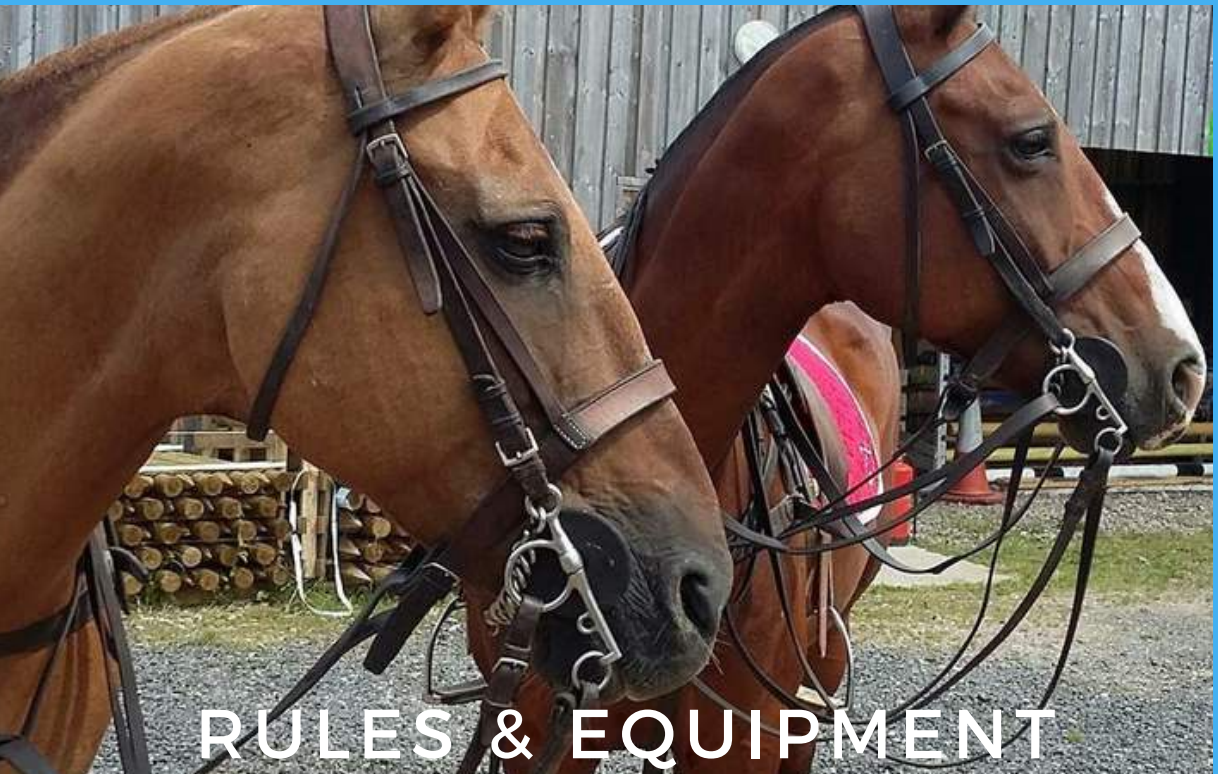

SWING TECHNIQUE

Your fully qualified polo coach will show you the ropes on swing technique and shots. This starts on the ground with a short stick and progresses to a stable four legged non hairy chair making you higher up. All before you get onto your ponies to hit the ball out of the saddle.

POLO RIDING

Time to put that swing into practice! Our perfectly patient steeds will leave you grinning from ear to ear as you hit the ball from one end of the arena to the other. For guests who are riders we will head onto the grass in the summer season.

RULES & EQUIPMENT

Learn about the rules & tactics of the game, and how the horses are prepared for their matches. You'll be shown how to tack up and un-tack a horse, tie up the tail without tape, put on bandages and all finalised with a speed team challenge to finish!

CHUKKAS

After learning all the individual elements of playing polo its time to put it all together and into practice with your very own chukkas! In a safe and fun environment you will be up against each other for a winner takes all event. Always a satisfying feeling whether you win or come runners up when playing polo. And yes, of course you will have some fizz to finish!

EXPERIENCE HORSEPOWER LIKE NEVER BEFORE!

Ninety-five percent of our participants have never ridden before (unless you consider a donkey on the beach as riding!). Don't worry; our polo ponies are exceptionally well-behaved, incredibly friendly, and handle most of the work for you. Picture yourself in a gaming chair with a joystick in front of you—if you can move your hand forward, backward, left, and right, you're already halfway to mastering polo riding! The most challenging part will be hitting the ball, but with our incredible HPA (Hurlingham Polo Association) instructors, you'll be striking the ball and scoring goals in no time! We guarantee that once you master hitting the ball, you'll forget about the riding! (trust us here... it happens every time!)

You'll start by learning all the essential stick and ball skills on the ground before being paired with your horse. Once you've grasped the basics, you'll be divided into teams and compete in your very own chukka! Be warned—once you score your first goal, you'll be hooked on this sport for life! It's an exhilarating experience that leaves participants craving more. Polo is the ultimate definition of team work. In addition to giving you a relationship and communication with a horse (who doesn't speak) it creates a lasting bond with your fur four legged friends as well as your colleagues. You will need to make decisions and quickly, improving reaction times, leadership, strength and resilience. You will take these skills together with your smiles back to the workplace to build upon.

Our wonderful polo coaches will also teach you the fundamental rules of the game and emphasize the importance of teamwork and strategies. Additionally, you'll have the opportunity to help tack up and untack the polo ponies. After a game, guests will learn how to untack the ponies and then compete in teams to see who can do it the fastest! Alongside enjoying the competitive spirit of this event guests find spending time with the horses to be incredibly therapeutic working on self care and mindfulness. The learn to play polo experience works on every level.

DID YOU KNOW?

A Polo Pitch is 300 yards long and 160 yards wide with 2 goal posts at each end, 8 yards apart. It's the size of 9 football fields!

DID YOU KNOW?

The match is divided into chukkas, with each chukkas lasting 7 minutes and up to 30 seconds.

DID YOU KNOW?

Ends are changed after each goal is scored.

“

Wow! We cannot stop talking about this event. The most incredible experience, the horses were amazing and Lolly was incredible. A few of our guests were nervous at first but then didn't want to get off at the end. Everyone had such a phenomenal time and have said it's the best team event we have ever done! I personally have never had so much fun on a horse ... ever!

“

Client quote:

'Get me another horse. We can't Christoph.. We have to go to the hotel now. Cancel the coach. Cancel the hotel. I have to have another horse and play again!.. we can't Christoph!

Well just book it again! Hands down the best we have ever done'
